At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

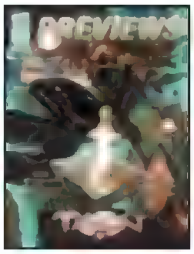
What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.



How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is easy! There are **3** simple ways to order:

1 Use the Short Order Form.
Fill in with the items you'd like to order from this issue.

2 Ask for the companion Customer Order Form.
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

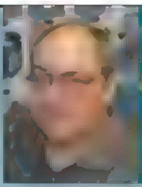
IN PRAISE OF THE HORROR ANTHOLOGY...



EDITOR'S note

Last year, I compiled a list of some of my favorite Horror Comic anthologies — all essential collections which I have in my own home library — and I was pleased to bring these titles to the attention of readers. When I started reading comics back in the late '60s and early '70s (yes, Your Pal is "old"), anthology titles were the stuff I cut my teeth on before moving on to monthly titles with capes and masks.

Looking back on those years, when I would rush to the local drugstore to scour the spinner rack for titles like *Chamber of Chills*, *Crypt of Shadows*, *Tomb of Darkness*, *Where Creatures Roam*, *Monsters on the Prowl*, *Where Monsters Dwell*, *Beware*, *House of Mystery*, and *Strange Adventures*, takes me back to a better time. But as always, all good things must come to an end, and eventually these titles dwindled and went away.

These days, horror anthologies are few and far between. Dark Horse brings us *Creepy* every couple of months (plus their excellent *Creepy/Eerie* Archives), and Monsterverse puts out *Bela Lugosi's Tales from the Grave* infrequently. They're great, but they lack something that the stuff from the Gold and Silver Age had… something that I can't quite put my finger on, but know that it's somehow missing. Maybe the problem is with me and my perceptions…?

Anyway, since publishing that article last year, there's been a mini-boom in Horror Anthologies, with many new publishers entering the field to bring us classic material in high-class packages. Fantagraphics Books has outdone itself once again with their series of *EC Comics Library* editions, spotlighting some of the EC line's most talented creators in creator-specific volumes. IDW continues its "Chilling Archives of Horror Comics!" series of hardcovers, edited and designed by Craig Yoe, and newcomer PS Art Books from the UK, hit the scene earlier this year with their *Harvey Horrors* and *ACG Collected Works* editions, by far my favorite releases of the year.

You can find all of these and more in this month's FlipSide article. I for one am extremely happy that publishers like Marvel, DC, Dark Horse, IDW, PS Art Books, Fantagraphics and others are keeping this classic material alive for a new generation of fans to collect and enjoy. Beats paying for actual back-issues!

Happy Halloween!
Your Pal @ ***PREVIEWS***,

Marty

BILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLYtucciBILLY

This month's featured creators is... BILLY TUCCI

Billy Tucci is an award-winning illustrator, writer, and filmmaker best known for his modern-day samurai fable, *Shi*. Through Tucci's Crusade Fine Arts, the multi-Eisner Award-nominated *Shi* has been printed in five languages, sold more than 3 million comic books, and grossed over 25 million dollars worldwide.

A Child Is Born, Tucci's earnest re-telling of the Christmas story has become a crossover phenomenon garnering worldwide attention. This month, *A Child Is Born* returns as a special hardcover gift edition (see page 232). This forty-page marquee printing of Tucci's magnificently illustrated work offers fans *and* families an enduring keepsake they'll enjoy for Christmases to come.

In his Own Words: Billy Tucci

"I've been fortunate enough to support my family by doing what I love for almost 20 years now — writing, drawing, and publishing comics. My first book, the modern-day samurai fable, *Shi*, was nominated for three Eisner Awards and sold more than 3 million comic books worldwide. Shi gave me the chance to work with Marvel and DC, and ultimately on my "dream project," a re-telling of the Christmas story called *A Child Is Born*."

Billy Tucci, what are your favorite projects over the past decade?

DC Comics has honored me with so many great opportunities. From *Jonah Hex* to *Batman,* and even a stab at the epic Flash vs. Superman race, DC gave me a chance to write and draw some of the wonderful characters from my youth. But I was truly *blessed* to work on *Sgt. Rock: The Lost Battalion,* getting guidance from my comic book hero, Joe Kubert, and meeting and befriending so many real life heroes of World War II. For that alone, I am eternally grateful to my friends at DC.

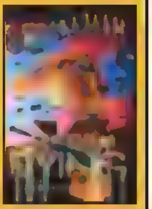
Billy Tucci, what are you currently reading?

Rachel Rising by Terry Moore (Abstract Studios)
With *Rachel Rising,* the wonderful Terry Moore has done it again. I've been a huge fan of his since first reading *Strangers in Paradise* #1. All through that book and then onto *Echo,* I'm consistently amazed by his draftsmanship and incredible knack for capturing emotions and the in-depth humanity of his characters. *Rachel Rising* continues that trend. The book reads like a swift novel, making you rear from its shocking horror, but also discovering a true sense of pity in poor Rachel's innocence. Again, I'm just amazed.
Rachel Rising Vol. 1: Shadow of DeathTP (JAN120780)

Cursed Pirate Girl by Jeremy Bastian (Olympian Publishing)
Can any book out there be more beautiful? Set in 1728, Mr. Bastian's incomparable surrealistic adventure on (and beneath) the high seas takes the reader on a stunning and dangerous quest to find the heroine's lost father, a pirate captain. It's chock-full of adventure, battles, and fantastic creatures including (but not limited to) a talking parrot, giant octopi, and two human-sized "swordfish" in full-scale medieval armor. This book is truly a gem and I find Mr. Bastian's creativity to be terrifically astonishing. Everyone should give this a look; every panel flowers unending detail, and every page is a wonder to behold!
Cursed Pirate Girl Vol. 1 HC (MAR120749)



***Rocketeer Adventures* Volumes 1 and 2**, Various (IDW Publishing)
It's no secret Dave Stevens' *Rocketeer* is my favorite comic book character. So, you can imagine how excited I was when IDW began publishing *Rocketeer Adventures.* My affection for Cliff Secord, Betty, Peevy, and the Golden Age of Comics is obviously shared by the all-star cast of creators who pay tribute to the continued legacy of Dave Stevens and *The Rocketeer.* Extraordinary, high-flying adventures by the very best in the business — Dave would be proud. I just pray IDW asks me to contribute someday!

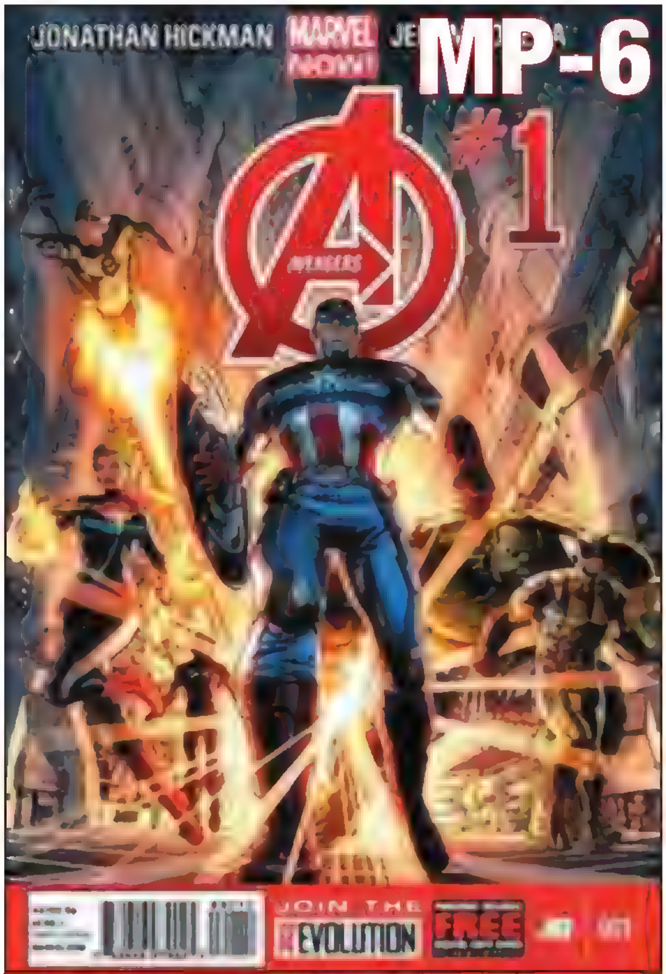
A NEW ERA OF *AVENGERS* ASSEMBLES FOR GALACTIC ADVENTURE



MARVEL PREVIEWS, $3.99, 32 Pages, Page MP-6

A new era dawns for Earth's Mightiest Heroes as Captain America forms a new Avengers team for the brave new world of Marvel NOW!

In the aftermath of *Avengers Vs. X-Men*, the world needs heroes more than ever before. As the threat of the Phoenix Force demonstrated, this planet is just as endangered by menaces from space as from villains on the Earth. When Captain America sends out the call, he recruits a team to be not just Earth's Mightiest Heroes but the solar system's champions as well! Among those heroes are Avengers stalwarts such as Iron Man, Thor, Captain Marvel, Black Widow, Spider-Woman, and Spider-Man, but also unexpected recruits such as the New Mutants Cannonball and Sunspot. All told, Captain America will assemble a team of almost two dozen heroes at his disposal to confront the greatest threats the galaxy faces and to demonstrate to the world what heroism truly means!

Written by Jonathan Hickman with art from Jerome Opeña, *Avengers* #1 launches this December. As his run on *Fantastic Four* demonstrated, Hickman is a master at balancing an epic scope with the deft characterizations. Opeña, meanwhile, wowed audiences with his covers for *Avengers Vs. X-Men*, and his work on *Uncanny X-Force* displayed an ability to balance the team dynamic with the personal focus. Together, this team will take *Avengers* into uncharted territory and redefine the Avengers for the 21st-century!

A cornerstone of Marvel NOW!, *Avengers* will ship biweekly, and local comic shops will host special *Avengers* #1 launch parties for its debut! For this historic release, fans will find exclusive limited edition variants, lithographs, bookmarks, and other collectibles to commemorate this relaunch at participating retailers.

The next chapter in the storied history of Earth's Mightiest Heroes begins this December with Hickman and Opeña's *Avengers* #1. Talk to your retailer today about their *Avengers* launch party plans and mark your calendar to pick up *Avengers* #1 on December 5th!

ATHLETE AND CELEBRITY, *MARA* BECOMES SOMETHING MORE

A hundred years ago, people looked up to soldiers, politicians, clergy, and industrialists as their heroes. Today, in our celebrity-obsessed culture, society's heroes are different. Actors. Sports icons. *Northlanders*' Brian Wood takes this evolution in society's icons to the next level in his new series from Image Comics, *Mara!*

A gifted athlete, Mara Prince is famous the world over. She has corporate sponsorships, her face is plastered on jumbotrons and featured on mobile tablets. She is famous for being famous. And when she develops true superhuman abilities on live television, she becomes famous for an entirely different reason. Now, wanted by those who wanted to control her powers, Mara has to decide who she wants to be.

Joined by Ming Doyle and Jordie Bellaire, Brian Wood launches a new vision of superhumanity in a near future world eerily similar to ours in his new series, *Mara!*

HELLBOY'S GREATEST ADVENTURE BEGINS THIS DECEMBER – IN HELL!

Twenty years ago, Mike Mignola introduced comic book readers to the world's greatest paranormal detective, Hellboy. A child demon of Hell, drawn to Earth by Nazi occultists during World War II, Hellboy was adopted by a scholar, raised in the United States, and became an agent for the Bureau of Paranormal Research and Defense.

Last year, in the final issue of *Hellboy: The Fury*, Hellboy gave his life to save the world. This December, Mike Mignola returns to chronicle the next chapter in Hellboy's journey with the first issue of *Hellboy in Hell*.

Many have wondered what Hell is truly like, and this December comics readers will discover for themselves a Hell that only Mike Mignola could imagine. Plus, for the first time since *Hellboy: The Conqueror Worm*, Mignola returns to provide the artwork for his greatest creation!

The afterlife awaits in Mike Mignola's *Hellboy in Hell* #1, coming this December from Dark Horse Comics!

Travel the world of adventure with Milo Manara's most beloved character, Giuseppe Bergman! Longing to escape his boring life, Bergman joins the mysterious H. P. (a loving caricature of Manara's mentor Hugo Pratt) on a bizarre, televised adventure for which he proves laughably unprepared. Also featuring Bergman's subsequent escapades though India, this volume is an essential addition to the *Manara Library*!

Songbird is the spiritual successor to BioShock's Big Daddy, and so he needed to be large, iconic, and terrifying. It was important to Creative Director Ken Levine that, in a floating city defined by its airspaces and vistas, one of the game's signature antagonists could fly. Only a creature visually defined by his wings could properly dominate the spaces of Columbia. In early development, Songbird was a dragon, and later a giant eagle. The artists pulled back from that and produced the leather-clad horror seen here.

Question of the Month “What would you want your superpowers to be, and how would you use it?”

“I’d love to have that Benny Hinn power to knock people out with power of the Lord. I’d never stand in line again.”

THE LEGEND OF LUTHER STRODE

“I’d want the power to teleport. If I could cut out all the time I spend getting from one place to another, I could get more scripts done.”

ARTIFACTS

“I would love to have the ability of never getting tired, “no fatigue” at all and will want to trek from one corner of the earth to the other, with my atmosphere proof respiratory system, and nano enabled art supplies, one go non stop stint, add a few rides with the whales and a bit of conversation with the yeti on the snow clad peaks.”

KRISHNA: A JOURNEY WITHIN

The power to duplicate myself. I’d run a Tradd Moore comic sweatshop as well as date, like, 40 people. Please don’t let my girlfriend read this.

THE THIRD DEGREE
BRIAN WOOD

Image Comics published Brian Wood’s first series, Channel Zero, in 1997 to considerable critical acclaim, and Wood has continued to produce comics and graphic novels at a brisk pace ever since. Focusing almost entirely on creator-owned works, he’s become one of the most notable creators of the last decade. He’s earned multiple Eisner Award nominations and editions of his work have been published in close to a dozen foreign languages. He is most known for original series such as DMZ, Northlanders, Demo, and Local.

Starting in 2012, Wood kicked off the second major phase of his career with the original series The Massive and Anthem, as well as Star Wars and Conan the Barbarian for Dark Horse Comics and The X-Men for Marvel. His creator-owned collaboration with artist Ming Doyle, MARA, will be published by Image Comics in December.

What are you working on right now?
I’m getting notes from an issue of X Men from my editor, and planning on knocking out a Star Wars script by the end of the week. I’m actually heading to a Star Wars convention this weekend, and then by Monday I have an Ultimate X Men due. (And since this interview took me a couple days, separated by a week, to complete, here’s bonus answer: today it’s an issue of The Massive)

What’s the best part of your job?
The best part is always the fact I can work at home, in my own space, in a (mostly) quiet house and still feel connected to my family. I stopped having to commute and sit in an office ten years ago and I’m still grateful on a daily basis. Any time that I have a stress dream, its always about that: going back to a day job in a cubicle.

What’s the worst part of your job?
Deadlines. There’s a lot of perks to being a comics writer, but one of the biggest responsibilities, if not THE biggest, is that everyone else is counting on me to deliver work so they can eat. The writer’s at the top of that assembly line and nothing moves if I screw up.

How did you first discover comics?
I was in art school, majoring in illustration, and someone told me that these editorial illustrators I knew and liked – Dave McKean, Kent Williams, Bill Sienkiewicz – also made comic books. So I got a late start, but I came into it the right way: seeking out creators and their creator owned work.

If you weren’t working in comics, what would you be doing?
I’d still be working in design, I’m sure. I had a career doing graphic design for the videogame industry before I quit to go write comics. I’m sure I’d be sitting in a cubicle somewhere hating my life.

What’s the best thing a fan has ever said to you?
I’m sure I’m forgetting some awesome story, but something I hear a lot is that one of my books was the gateway drug for someone’s friend or girlfriend or boyfriend, or that one of my books was what got someone back into comics after a long time away. That’s really the best compliment, that one of my books made someone love comics. Hard to top that

I did, however, just find out that I met Jordie Bellaire, colorist on Mara, at some show when she was THIRTEEN and sold her a copy of one of my books. I’ve never felt older

Who is the biggest influence on your work?
I don’t know. Haha! I don’t know how to answer that. It’s not any one thing, or one person. My work is sort of all over the place in terms of tone and subject matter and I think my inspiration is probably just as varied

What is the single work of which you’re most proud?
Local and Northlanders. I can’t pick just one. Right now, it’s those two books.

Own up to one of your guilty pleasures
Wheeling and dealing on eBay, mostly vintage guitars and related equipment. That’s not really a thing to be guilty about, but the volume and frequency I have going on probably is. Its best if no one knows the details.

What was the last comic book you bought?
Probably Peter Bagge’s RESET from Dark Horse. I have an open subscription to the Dark Horse Digital store so everything there is available to me for free, but I still bought RESET. Peter Bagge is a creator I unconditionally love; his HATE was the first series I bought and read, and he’s earned a lifetime of loyalty from me.

If you could be someone else for a day, who would it be?
I don’t even want to be someone else, but I do wish I had other people’s talents.

Pick three things you couldn’t live without.
The Pogues, Wilco, the Jesus and Mary Chain.

What’s the strangest thing you have in your house?
I’m way too boring to have oddities and curiosities in the house, to be honest. Well, I do have a set of taxidermy coathooks made out of deer legs, which my wife finds horrifying, but that’s the sort of thing I grew up with so I actually think its comforting.

What makes you laugh?
Most things make me laugh at some level, which is a good thing. I think its how I keep sane.

What is one of your favorite places?
I grew up in Vermont, and each time I visit I fall more and more back in love with the place.

What music are you listening to these days?
I grew up listening to exclusively folk, both American and Celtic, and until I was allowed to buy my own music, which was probably age 14, that’s what I listened to. That, and the Beatles, thanks to my older sister. In recent years I’ve been rediscovering all that folk and finding a lot of comfort in it and I feel pretty blessed to have had that exposure early on and for so many years. Not to sound like a snob, but I’m happy to have been raised with that level of music than the sort of stuff my own kids seem to be attracted to, which isn’t all that bad but its pretty shallow in comparison to someone like Pete Seeger.

Who is your best friend?
My wife, of course.

What is the best advice you’ve ever received?
As it pertains to the business of comics, there is one bit that rises above all else: no one cares about your book more than you do. That sounds sort of bland and general, but especially when dealing with original creations, you need to be very careful with what you own.

When was the last time you were truly frightened?
I have a really bad habit of daydreaming these horrible worst case scenarios and playing them out in my head. I think I must do this as some sort of subconscious level catharsis, but when I carry my little kid down the stairs, sometimes I think about tripping and falling, sustaining injuries, the ER, and so on. It gets grim and often really freaks me out. Why do I do that?

What would you like to see happen in comics in the next 12 months?
A big increase in digital readership in sales and the direct market remaining unaffected. Then we can all relax a little bit, realize there is nothing to worry about, and get on with it.

ABOUT: There is no hotter winter in the seasons of the fashion world. And while life outside of Celestine's empire is tumbling toward oblivion, within the doors of the temple to fashion Doll becomes enwrapped in the disdain and contempt of the madams. But while Doll strives to raise her station from commoner to elitist, she discovers that the wrong turn of phrase can do more than ruin a career, it can take a life. For in this world only the designs of Le Patron are immaculate and everything else is terminally flawed and to be scorned, used and eventually discarded. And it may be too late when Doll realizes that her obstinate and haughty projected image may turn out to be a mortal detriment to her newly found stardom as the jewel of Celestine's eye. DEATHMATCH #1 INTERVIEW WITH PAUL JENKINS

Writer Paul Jenkins has an enviable resume, having worked for all of the major comic publishers. Over the course of his career, Paul has written countless comic icons including Teenage Mutant Ninja Turtles, Incredible Hulk, Sentry, Inhumans, and The Darkness. In addition to his comic work, Paul is prolific in the video game space. Now, BOOM! Studios is thrilled to welcome Paul Jenkins into the fold as the master visionary writing the bloodiest superhuman slugfest ever. As with all of Paul's work, DEATHMATCH will feature rich characters, deep psychological undertones, and the ultimate whodunit.

DEATHMATCH sounds incredibly foreboding. How would you describe the series?

Think of it as the best of both worlds: on the one hand it offers the fan-oriented, "knock-down, drag out" kind of fights we all love. We're literally taking the concept of "Who wins in a fair fight?" to the extreme. On the other hand, the folks at BOOM! have given me carte blanche to write this series the way I see fit. I love exploring characters, providing depth, surprising my readers. Here, I get to delve into the concepts of heroism and evil but with a twist: in DEATHMATCH, the winner must literally kill the loser. Won't be a problem for the bad guys. May be difficult for some of the heroes. So there are two answers: (1) This is the NCAA tournament of comic series, pitting character against character in a match to the death. (2) It's about how far a person might go to win.

With all the big superhero fights in DEATHMATCH, are you planning to explore any of the classic superhero matchups that fans have debated over the years?

Well, this is absolutely our chance, isn't it? We are all intrigued by the idea that Hulk and, say, Superman might end up in a fight. Who would win? It's a debate that has continued with the fans for many years. In DEATHMATCH we get to show these types of matchups. What if our Batman-type character fights against a character with a power-set like Spider-Man? We might only get to see that kind of conflict if DC and Marvel were willing, and I doubt that would ever happen. The beauty of DEATHMATCH is that I get to propose that kind of conflict. I mean, who wins between an heroic superman and a villain with no remorse for killing? How does Rorschach fare against the Flash? What about the Phantom Stranger against Iron Man? This stuff is a real blast.

What is one of your favorite hypothetical superhero matchups?

In mainstream comics I think people talk about Batman versus Superman a lot. It's guile versus strength, or maybe a determined vigilante versus an all-powerful boy scout. When we first discussed this idea, I was immediately taken with the passion we all had for these discussions – sure, I came from a characterization standpoint but there's a lot of mileage in the idea of characters fighting to the death. The editors and I literally filled out brackets and came to different conclusions. It was so much fun dissecting our results projections and arguing the merits of our decisions. I want the fans to embrace that stuff whole-heartedly.

You have a long and varied career in comics and beyond as a writer. How have your previous works developed and impacted your approach to writing DEATHMATCH?

Well, I always approach a story from one standpoint: "What is the reason for me to tell this story?" If there's no good reason, then why bother? I feel really excited that DEATHMATCH offers me complete creative freedom so that I can take the time to explore and understand the characters. We're going to raise some difficult and interesting questions, we're going to become invested in some characters knowing that when the dust settles all but one of them will be dead. There is so much I can do with the literal building of a new world of heroes and villains. It is going to be a very interesting and dark place indeed!

What are the influences you are bringing into the story and characters of DEATHMATCH?

I remember reading an early Spider-Man story in which Spidey lost his first ever battle against Doc Ock. You know, that has stuck with me for years. The beauty of DEATHMATCH in some ways is that it has the simplicity that we all crave. Spidey is a great title but so much has happened. Even Superman died for a while. In DEATHMATCH we are creating a brand new world of heroes and villains in the style of ASTRO CITY, and then we're pitting them against each other. Tons of fun. Very simple idea. All of our back story ideas – however complex – cannot be contradicted. We have an entirely fresh world to destroy!

Carlos Magno is an emerging talent whose recent run on PLANET OF THE APES blew everyone's hair back. What is it like to work with such an exciting artist?

I have had the pleasure of working with so many great artists in this industry. It's amazing, really. For example, I'm currently working on the FAIRY QUEST series with Humberto Ramos... I have done HELLBLAZER with Sean Phillips, ORIGIN with Andy Kubert, INHUMANS and SENTRY with Jae Lee. I hope Carlos knows what he is getting himself into! Seriously, though, his stuff is amazing and he is already a great storyteller. I think he and I are going to be good mates.

Compared to the mainstream books you've been working on lately, what's the appeal in writing about a gang of super-powered beings killing one another?

It's not the killing that intrigues me, though I love the extreme nature of that concept. More importantly, it is a combination of the mysteries we are creating – so much of what happens is unknown to the people in the story – and the fact that we are creating a new world from scratch. I love that kind of world-building and I think our readers are going to be jazzed when they get the wish fulfillment aspects taken care of. They may not like or agree with who beats whom... But that is the very nature of a story like this. How do you react if Doctor Strange beats Hulk? What if you predicted it the other way? Let the debates rage!

What does DEATHMATCH offer that would interest your fans, and readers of mainstream superhero comics?

You all want this. You know you do. You want to see what happens if your archetypes go at it to the death. You want to predict a winner. You want to argue about the results on message boards. You want to yell at us for our choices. You want to burn down the Internet if our Superman gets his ass kicked by our Howard the Duck. That's the beauty of the series, isn't it?

Be honest, do you already have a winner in mind?

Yes. But results are subject to change at a moment's notice if I have a better idea as the series progresses. Plus, I can be bribed.

ALL BUT ONE MUST DIE...

32 PAGES • FC • $1.00

THE SUPERHERO BATTLE ROYALE YOU CAN'T GET FROM MARVEL OR DC! A powerful and mysterious supervillain has imprisoned the world's greatest superheroes, forcing them to fight to the death until there is but one victor. It's kill or be killed as we settle the score on all those hypothetical superhero match-ups in the ultimate DEATHMATCH.

Written by industry legend Paul Jenkins (SENTRY, INHUMANS) and drawn by comics superstar Carlos Magno (PLANET OF THE APES, TRANSFORMERS), DEATHMATCH is a dark, psychological deconstruction of the superhero genre that can't be missed.

Castrée's keen eye for detail and her fearless ability to probe the depths of her troubled past make *Susceptible* a stirring portrait of an artist coming into her own. *Susceptible* is the story of Goglu, a daydreamer growing up in Quebec in the '80s and '90s with a single mother. DON'T GO WHERE I CAN'T FOLLOW HC
(W/A/CA) Anders Nilsen
In this collection of letters, drawings, and photos, Anders Nilsen chronicles a six-year relationship and the illness that brought it to an end. *Don't Go Where I Can't Follow* is an eloquent appreciation of the time the author shared with his fiancée, Cheryl Weaver. The story is told using artifacts of the couple's life together, including early love notes, simple and poetic postcards, tales of their travels in written and comics form, journal entries, and drawings done in the hospital in her final days. *Don't Go Where I Can't Follow* is a deeply personal romance, and a universal reminder of our mortality and the significance of the relationships we build. TRUE BLOOD VOLUME 1 HC

IDW Publishing

The first collection of IDW's *True Blood* ongoing series comes to us in this hardcover just in time for the holidays. Sunday nights at 9PM I'm glued to my TV for the newest episode of *True Blood* and it's for one reason – I love the show. Unfortunately I was late to this particular party so I played catch-up on past seasons while enjoying the fifth season. Now that the show is on hiatus until next summer, the ongoing series from IDW will be the perfect fit to my now-empty Sunday nights. This hardcover is sure to be full of excitement and adventure with all my favorite characters from Bon Temps. I know what's on my wish list for this Christmas.

THE ROCKETEER: ARTIST'S EDITION 2ND PRINT

IDW Publishing

Combine Doc Savage pulp style adventure, Commando Cody chapter serial heroics, and some top notch good girl cheesecake art and you get Dave Steven's *The Rocketeer*. Starting as a backup feature in Mike Grell's *Starslayer* from Pacific Comics and continuing with Eclipse Comics, the adventures of Cliff Secord, gal pal Betty, Peavy, and an interesting cast of characters put Dave Stevens in the upper echelon of comic book creators in the 1980s.

Even if you already have IDW's *The Rocketeer: The Complete Adventures* hardcover

their *The Rocketeer Artist's Edition 2nd Print* is well worth the addition to your library This new printing of the sold-out IDW Artist Edition presents complete stories as each page was scanned from the actual original artwork. This format gives you the rare opportunity to see the work Dave Stevens put into each page of his creation. With each page scanned in color to replicate as closely as possible the viewing of his original art with all its imperfections, paste-overs, blue pencils in the art, editorial notes, and art corrections. Since each page is printed the same size as drawn, and the paper stock selected is as close as possible to the original art board you need taller shelves to place in your bookcases.

Dave Stevens
ROCKETEER

This is a rare glimpse into the creative process of a character and comic that is rarely seen in these days. Simply put, you just have to have this book, one more reason why the 80s were another Golden Age for Comic Book Collectors.

BIG QUESTIONS TP

(W/A/CA) Anders Nilsen

A haunting postmodern fable, *Big Questions* details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. Nilsen seamlessly moves from humor to heartbreak Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will. (STK443211)

THE RED TEN #1

ComixTribe

The world's greatest detective is dead, so who will bring her murderer to justice? This superheroic riff on Agatha Christie's *And Then There Were None* is a love letter to capes and whodunits alike. Ten heroes brought together by vengeance pursue the villainous Oxymoron to his island lair, only to find he's already dead. What follows is a series of mysterious murders uniquely tailored to each super-victim. With a cast of characters that pays tribute to beloved superhero archetypes (the speedster, the warrior princess, the vigilante with a tragic past), *The Red Ten* explores uniquely heroic weaknesses and character flaws without losing sight of its murder mystery roots. Highly recommended for classic whodunit fans, or for anyone who likes a fun twist in their superhero books.

MARK TWAIN WAS RIGHT: THE 2001 CINCINNATI RIOTS GN
(W/A/CA) Dan P. Moore
Mark Twain Was Right charts the course of the 2001 Cincinnati Riots, the largest urban unrest since the Los Angeles Riots of 1992. Moore's book traces the riot's genesis from the senseless police killing of a 19-year-old black man to the man's funeral six days later. What results is a tumultuous cocktail of nonviolent civil disobedience, frustration fueled looting, and further police violence. Told from a series of varying perspectives, this is a tale of inner-city community coming together. (STK518553)

BABBLE
Com.x

I find it increasingly difficult to find time to expand my reading horizons beyond the publishing companies that I find myself interacting with on a daily basis. During my time at San Diego Comic Con, I had a great encounter with the folks at Com.x, and since our meeting I've managed to familiarize myself much more with their line of books and the material they're producing is impressive to say the least. Books like *Seeds* should be required reading for any fan of the medium.

I'm a sucker with stories that connect with any aspect of the ancient world whether they are historical or mythological in nature. Bryan Coyle's *Babble* manages to inhabit a bit of both those worlds, featuring a protagonist who finds herself caught up as a key member of a research team that hopes to resurrect the ancient language spoken by the inhabitants of Babel.

In addition to its ties to ancient history and civilization *Babble* manages to be read like a very modern tale. The characters themselves come to life in a very contemporary and relatable way that I did not expect given the extraordinary work they find themselves undertaking. The story has a great deal to say on the subject of how we communicate with one another in both our personal and professional lives, as well as how the content and means of our communications can be a force for both good and bad in both subtle and not so subtle ways.

BLOODSHOT #6

What dark secret connects Project Rising Spirit and Toyo Harada's Harbinger Foundation?

Bloodshot is the creation of Project Rising Spirit, and for years they've loaned him out to the U.S. government for the kinds of insane, blood-spattered missions that only a nanite-enhanced commando could possibly survive. But those will be nothing compared to the horrors that await him inside the heavily fortified walls of PRS itself, whose subterranean levels are populated by failed "projects" that kill and maim for fun. And God help anyone who dares pry open the doors to the "nursery".

If you've been hesitating, waiting for the right moment to jump on board Bloodshot – the series Robot 6/Comic Book Resources calls "simply mind-bending" – here's that moment! After this issue, there might not be too many characters left alive.

"Alright… I lost my temper. But God help me, killing is therapeutic."

Vesper Grey started a proper young lady, but blood will tell—and she was just too much like her adventurer/archaeologist father to sit at home waiting for a husband. Equipped with the many magical artifacts her father uncovered, Vesper relies on the soul of a handsome protector spirit to keep her safe. Her father's magical horde of baubles and talismans draw villains and thieves out of the woodwork. They've stolen her father's life's work and I'm plumb excited to see her wrastle'm all up again!

K. Lynn Smith is an animator and new to graphic novels, but she brings a wealth of energy and expression to her characters. Her sophisticated approach to challenging backgrounds, special effects, and unusual layouts brings a sizzling spark to her clean-line style. The old-timey feeling and sassy story-telling is guaranteed to please!

LANDMARK PEOPLE & EVENTS: DC COMICS

In the early 80's after a few years in the biz, Graphitti Designs needed to broaden it's horizons. The move to include products beyond those featuring creator-owned properties or those administrated by the small publishers was eminent. DC and Marvel had the properties that we could really sink our teeth into but both had large licensing divisions that were not set up to address the emerging product needs of the direct-sales comics market. After being brought-in to produce DC's first deluxe, limited-edition hardcover books (DARK KNIGHT and WATCHMEN), we had the opportunity to take our relationship further. Under the protective wings of Paul Levitz, Bob Wayne and others, we were introduced to the world of Warner Bros. licensing...and the rest is all history. We have enjoyed a unique and multi-faceted relationship with DC over the years wearing a multitude of hats that have ranged from vendor, to partner, to licensee. Thanks to all of the folks at DC and WBCP for all of their help and tolerance over the years...and for giving us the opportunity to create some of the coolest shirts around

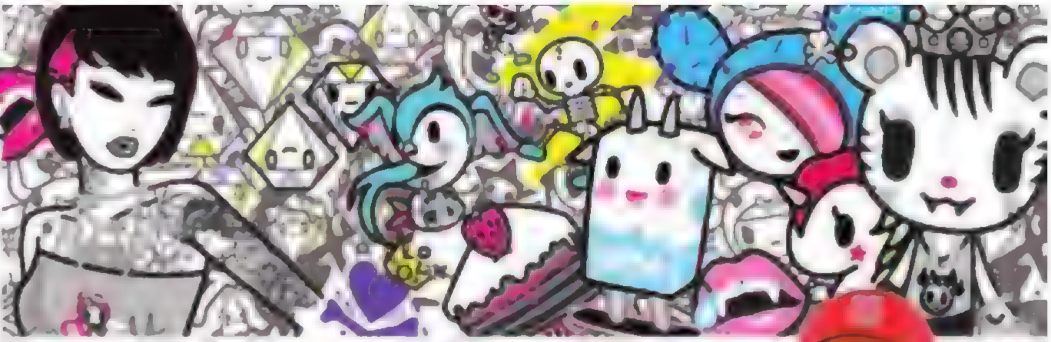
tokidoki



TOKIDOKI means "sometimes" in Japanese. I chose a Japanese word because I love Japan. I love everything from the ultra modern happy face of Shibuya to the serious magic silence of Kyoto.

I chose "sometimes", because everyone waits for moments that change one's destiny. By simple chance or meeting a new person, tokidoki is the hope, the hidden energy everyone has inside that gives us the strength to face a new day and dream something positive, that something magical will happen to us.

Hello, my name is Simone Legno.

PATHFINDER ADVENTURE PATH: THE SHATTERED STAR PART 5 – INTO THE NIGHTMARE RIFT

With five shards of the Shattered Star secured, visions point toward one of Varisia's most remote corners as the site protecting the sixth fragment of the powerful artifact. Yet the heroes are not the first to search for this shard — upon arriving at the ancient ruin known as Guiltspur, they find a small army of giants (said to be ruled by a blue dragon) already excavating the site. And as the heroes soon learn, there are other forces searching for the final shards from the Darklands below, and even from beyond reality itself, for Guiltspur lies dangerously close to the nightmare realm of Leng! *Into the Nightmare Rift* is a *Pathfinder RPG* adventure for 13th-level characters. This volume continues the *Shattered Star Adventure Path*, including articles on Lissala, the ancient goddess of runes and fate, a gazetteer of the weird demiplane of Leng, and several new monsters (including Lovecraftian terrors like the Nightgaunt) in the Pathfinder Bestiary. Author Bill Ward (*Return of the Sword*) continues a new novella in the Pathfinder's Journal. (STK475483) (C: 0-1-2)

NEUROSHIMA HEX BOARD GAME

First Time in Previews! Neuroshima HEX is a game of tactics, where armies wage continuous battles against each other. It is based on the *Neuroshima RPG* published by Portal in 2001. And while being familiar with the RPG is not necessary, players will find it easier to identify with their armies if they have read or played the game. The world of *Neuroshima RPG* is that of a post-apocalypse world torn apart by a war between humans and machines. The remains of humanity took shelter in the ruins of cities and organized in small communities, gangs and armies. Conflicts between such groups are not uncommon and the reasons of such are numerous: territory, food or equipment. What is more, the ruined cities are constantly patrolled by machines sent from the north, where a vast cybernetic entity, called MOLOCH, appeared. Great wastelands that surround what was left of the greatest cities are home to another enemy — Borgo — a charismatic leader who controls an army of gruesome mutants. One of the last hopes of humanity is the Outpost, a perfectly organized army which wages a guerilla war against MOLOCH. Nevertheless, most human settlements, including the Hegemony, are not concerned with war until it comes banging at their door. Such is the world of *Neuroshima*! (STK469325) (C: 0-1-3)

UPDATED FOR 2012!

THE TALE OF THE TALES: CLASSIC HORROR ANTHOLOGIES

From the 1950s into the mid-70s, horror anthologies were everywhere, telling small, encapsulated tales of shock, suspense, terror and monsters. Oh yes, in those days there were monsters. As the years progressed, and superheroes began to once again rule the spinner racks, the anthologies fell out of favor… and a whole generation grew up never to know the joy of reading about zombies, ghosts, psychos and giant monsters doing what they do best.

Thankfully, there's always going to be someone to remember the old days for us. Whether they are a talented writer, major or minor publisher, or even just a dedicated fan, these people preserve have preserved this material and have kept it available for us all to read and enjoy once more.

So, in these days leading up to the spookiest day of the year, Halloween, ***PREVIEWS*** celebrates the classic horror anthology with a look at what's available right now, to help you get your scare on and set the mood for your October 31st!

The Chilling Archives of Horror Comics!

IDW Publishing and comics historian and designer Craig Yoe have been resurrecting some of Comics' most frightening (and funny) horror comics through their series, *The Chilling Archives of Horror Comics*! The series, designed and edited by Yoe, collects some of the best and most obscure horror comics from the Golden Age in beautiful, blood-red hardcovers featuring gleefully lurid and grotesque covers that no mother, but plenty of kids, would love! From the horror tales of Bob Powell to Dick Briefer's comic take on Frankenstein's Monster to the universally feared Zombies, this series has something to offer for any horror fan! And don't forget Craig Yoe's brilliant examination of the mysterious writer/artist Steve Ditko who, before he drew the likes of Dr. Strange and Spider-Man, created some of the weirdest tales of supernatural horror ever!

HARVEY HORRORS / ACG COLLECTED WORKS

Published by the UK's PS Art Books, the *Harvey Horrors* and *ACG Collected Works* hardcovers are a treat for lovers of classic horror comics. These beautiful volumes feature handsome bindings and spot-varnished covers, and reprint some of the most notorious pre-Code horror comics ever published. Harvey Comics, best known for their line of beloved children's characters like *Richie Rich*, *Hot Stuff*, and *Little Dot* among others, was also one of the most unhinged publishers of horror comics in the pre-Code era, with many of their covers and stories marking them as above and beyond the norm. And ACG's line of titles was equally as infamous in their pre-Code days, with titles such as *Adventures into the Unknown* and *Forbidden Worlds* taking readers to places they never dreamed of!

THE EC COMICS ARCHIVES

The EC Comics line was one of the main targets of the Senate hearings on Juvenile Delinquency in the 1950s, thanks in part to the testimony of Dr. Fredric Wertham and the damning evidence presented in his inflammatory treatise on the subject, *Seduction of the Innocent*. Ultimately brought down by the Comics Code Authority's strict new guidelines (seemingly geared to prohibit any subject matter that was EC's bread and butter), the EC Comics line — especially it's horror-themed titles — have since gone on to legendary status… and for good reason!

THE EC COMICS LIBRARY

In 2012, Fantagraphics Books secured the rights to the EC Comics line, and announced their plans to reprint some of the classic tales forged by publisher William Gaines and his crew of writers and artists — truly a bullpen of talent never again equaled in the field. Instead of straight issue-by-issue reprints, Fantagraphics is approaching the series by focusing on the work of specific EC writers and artists, collected their works from across the many EC titles into a creator-specific edition. And thus far Fantagraphics has offered *"Corpse on the Imjin" and Other Stories* by Harvey Kurtzman, *"Came the Dawn" and Other Stories* by Wally Wood, and *"Taint Meat Its Humanity"* by Jack Davis, and a new volume devoted to the Sci-Fi tales of Al Williamson, soon to come!

THE ROCKETEER: ARTIST'S EDITION 2ND PRINT

IDW PUBLISHING

Combine Doc Savage pulp style adventure, Commando Cody chapter serial heroics, and some top notch good girl cheesecake art and you get Dave Steven's *The Rocketeer*. Starting as a backup feature in Mike Grell's *Starslayer* from Pacific Comics and continuing with Eclipse Comics, the adventures of Cliff Secord, gal pal Betty, Peavy, and an interesting cast of characters put Dave Stevens in the upper echelon of comic book creators in the 1980s.

Even if you already have IDW's *The Rocketeer: The Complete Adventures* hardcover their *The Rocketeer Artist's Edition 2nd Print* is well worth the addition to your library. This new printing of the sold-out IDW Artist Edition presents complete stories as each page was scanned from the actual original artwork. This format gives you the rare opportunity to see the work Dave Stevens put into each page of his creation. With each page scanned in color to replicate as closely as possible the viewing of his original art with all its imperfections, paste-overs, blue pencils in the art, editorial notes, and art corrections. Since each page is printed the same size as drawn, and the paper stock selected is as close as possible to the original art board you need taller shelves to place in your bookcases.

This is a rare glimpse into the creative process of a character and comic that is rarely seen in these days. Simply put, you just have to have this book, one more reason why the 80s were another Golden Age for Comic Book Collectors.

TRUE BLOOD VOLUME 1 HC

IDW PUBLISHING

The first collection of IDW's *True Blood* ongoing series comes to us in this hardcover just in time for the holidays. Sunday nights at 9PM I'm glued to my TV for the newest episode of *True Blood* and it's for one reason – I love the show. Unfortunately I was late to this particular party so I played catch-up on past seasons while enjoying the fifth season. Now that the show is on hiatus until next summer, the ongoing series from IDW will be the perfect fit to my now-empty Sunday nights. This hardcover is sure to be full of excitement and adventure with all my favorite characters from Bon Temps. I know what's on my wish list for this Christmas.

THE RED TEN #1

COMIXTRIBE

The world's greatest detective is dead, so who will bring her murderer to justice? This superheroic riff on Agatha Christie's *And Then There Were None* is a love letter to capes and whodunits alike. Ten heroes brought together by vengeance pursue the villainous Oxymoron to his island lair, only to find he's already dead. What follows is a series of mysterious murders uniquely tailored to each super-victim. With a cast of characters that pays tribute to beloved superhero archetypes (the speedster, the warrior princess, the vigilante with a tragic past), *The Red Ten* explores uniquely heroic weaknesses and character flaws without losing sight of its murder mystery roots. Highly recommended for classic whodunit fans, or for anyone who likes a little twist in their superhero books.

BABBLE

COM.X

I find it increasingly difficult to find time to expand my reading horizons beyond the publishing companies that I find myself interacting with on a daily basis. During my time at San Diego Comic Con, I had a great encounter with the folks at Com.x, and since our meeting I've managed to familiarize myself much more with their line of books and the material they're producing is impressive to say the least. Books like *Seeds* should be required reading for any fan of the medium.

I'm a sucker with stories that connect with any aspect of the ancient world whether they are historical or mythological in nature. Bryan Coyle's *Babble* manages to inhabit a bit of both those worlds, featuring a protagonist who finds herself caught up as a key member of a research team that hopes to resurrect the ancient language spoken by the inhabitants of Babel.

In addition to its ties to ancient history and civilization *Babble* manages to be read like a very modern tale. The characters themselves come to life in a very contemporary and relatable way that I did not expect given the extraordinary work they find themselves undertaking. The story has a great deal to say on the subject of how we communicate with one another in both our personal and professional lives, as well as how the content and means of our communications can be a force for both good and bad in both subtle and not so subtle ways.

Her father's magical horde of baubles and talismans draw villains and thieves out of the woodwork. They've stolen her father's life's work and I'm plumb excited to see her wrastle'm all up again!

K. Lynn Smith is an animator and new to graphic novels, but she brings a wealth of energy and expression to her characters. Her sophisticated approach to challenging backgrounds, special effects, and unusual layouts brings a sizzling spark to her clean-line style. The old-timey feeling and sassy story-telling is guaranteed to please!

THE LAST CALL VOLUME 2 GN

ONI PRESS

Like a Guillermo del Toro movie on paper, *The Last Call* is a surreal, horror/fantasy adventure featuring the same attention to design and atmosphere that horror audiences look for in memorable fantasy/horror movies.

Alec and Sam are two average teenagers who have found themselves on a supernatural train travelling non-stop through space and time to the far reaches of strange dimensions and beyond. The boys haven't found a way to get off the train yet but they have even more important things to worry about as they avoid being the next victim of a mysterious passenger who is systematically killing everyone on board.

This series builds suspense with creative use of pacing and layout in order to heighten the surreal and disorienting quality of the story. Not every horror comic delivers a true sense of dread but, like a truly scary movie, *The Last Call* manages to take full advantage of the medium in order to put readers on edge up till the last page.

THE CREEPY AND EERIE ARCHIVES

Warren Publishing's *Creepy* magazine, and its companion title, *Eerie*, were born out of the legacy of the EC Comics line. Edited by Russ Jones and soon after Archie Goodwin, both series featured the works of such comics luminaries as Neal Adams, Dan Adkins, Reed Crandall, Johnny Craig, Steve Ditko, Frank Frazetta, Gray Morrow, John Severin, Angelo Torres, Alex Toth, Al Williamson and Wally Wood — many EC Comics alumni themselves — who blazed new trails in graphic storytelling!
